

Band: 10 m.

Time: 1.30

K6TKA is operated in conjunction with a radio course at Kauai High School, Box 510 Lihue, Kauai T. H. The transmitter uses a kilowatt to a 700 foot rhombic and the receiver an NC200. We are located at Kuhiau, overlooking Nawiliwili Bay, on the edge of a 400 foot cliff. We are about 90 miles away on a different island from Honolulu.
